The background of the image is a light, off-white or cream color with a slightly textured appearance. Overlaid on this background are several thick, black and grey geometric lines. These lines are primarily diagonal, creating a sense of movement and structure. Some lines are solid black, while others are a lighter grey. They intersect and overlap in various ways, forming a complex, abstract pattern. The word "ADMINISTRATION" is printed in a bold, black, sans-serif font, slanted upwards from left to right, positioned across the middle of the composition where several of the geometric lines intersect.

An abstract geometric design featuring several thick, black and grey lines that intersect and radiate from various points across a cream-colored background. The lines create a sense of dynamic movement and depth. The word "SENIORS" is printed in a bold, black, sans-serif font, positioned horizontally across the middle of the composition, slightly below the center. An abstract geometric design featuring a cream-colored background with several thick, black and grey diagonal lines. These lines intersect to form various triangular and polygonal shapes. A prominent black line runs diagonally from the bottom left towards the top right, passing through the center of the composition. Another thick grey line runs from the top left towards the bottom right. A black line runs from the top right towards the bottom left. These lines intersect to create a complex pattern of geometric shapes. The word "FRESHMEN" is printed in a bold, black, sans-serif font, oriented horizontally, and is positioned within a white, slightly curved rectangular area that cuts across the middle of the image, between two intersecting black lines.

The background of the page is a cream-colored paper with a complex abstract design. This design consists of several thick, straight lines in black and grey that intersect at various angles, creating a series of geometric shapes and negative spaces. The lines appear to be layered, with some black lines crossing over grey ones. The overall effect is a dynamic, architectural composition.

Future Farmers Work Hard

The Russell chapter of FFA has again followed a busy schedule of which maintaining a milo test plot on the Steinert farm, buying nineteen hogs for a feeder pig co-op, and operating the Kiwanis sponsored gilt ring were only a part.

In the District Co-op Quiz contest the Russell group placed second. They also placed second in the District Officers Training Program and participated in the state convention and state judging contest. The boys won the District Crops Judging Contest and the Regional Land Judging Contest, and attended several livestock and dairy contests.

Other activities included distribution of 500 FFA calendars, holding the annual FFA Sweetheart Dance, having a watermelon feed and hamburger fry for prospective freshmen and FFA dads, presenting radio programs on farm safety and FFA activities, and holding the annual FFA Banquet.

The club maintains and FFA scrapbook throughout the year. This year they recommended two members for the State Farmer Degree. They also name an Honorary Chapter Farmer at the annual banquet.

KAY CLUB

Kay Club is a service organization with objectives to contribute to the betterment of the school and community. This year the Kays helped organize and carry out the Kay-Kayette District Conference held in Russell. The boys helped in constructing a backdrop to be used for assemblies in the gymnasium. At Christmas time they bought ornaments for a Christmas tree for the City Library. Throughout the year this organization seeks means of doing service for the benefit of others.

The RHS Key Club was again well represented in the state by having Mike Cann as Governor and Roger Lewis as Secretary-Treasurer. During the summer, four members attended the International Convention at Long Beach, California. Here the club received honorable mention for its scrapbook and its achievement report. In the service area, the club has sold tickets for VFW, had a car wash to get money to send members to the convention, helped the Kiwanis with the pancake feed, helped with the bloodmobile, had a "Salute to Teachers" day, and sold peanut brittle to raise funds. Future plans include an activity sign for the school and sending members to the convention at Pittsburg, Pennsylvania.

Girls Athletic Association promotes many recreational opportunities for girls at Russell High. To begin the year they had a picnic for all members and those girls who wanted to join to introduce interested girls to GAA and its activities.

GAA membership is based on a point system. Girls receive points for participation in such activities as basketball, volleyball, and tennequoit intramurals and bowling in either of the two organized leagues. Bowling tournaments are held at Christmas and at the end of the regular bowling season.

Members attended a volleyball playday and basketball playday held at Fort Hays this year. Other activities were freshmen initiation, a party for all members, a basketball game between students and faculty members, a bowling banquet for all participants in the bowling program, and a special meeting given by Janet Miller on her trip to Vermont.

KAYETTES

Why are Kayettes always doing so much? The answer lies in the fact that Kayettes is a service organization. It also is for the purpose of character development and leadership training. Religion, personality, leadership, service appreciation, and recreation are the six objectives of the organization and are represented by the six sides of the insignia. The point system, planned club programs, conferences, and camp set the pattern by which each club may make the objectives an important part of its program.

This year the Kayettes and Kays hosted the District Conference on Oct. 25. The day was spent in discussion groups, general sessions, and recreational periods, and climaxed by a banquet, presentation of awards, and the District President's address. Kayettes engage in projects that benefit school, community, and country. At Christmas time the girls donated gifts to the mental institutions. They mixed fun and the "Christmas Spirit" by having a caroling party for the hospital and rest home. The club also bought a Christmas tree for use in the school.

The purpose of the Junior Classical League is to encourage among young people an interest in and appreciation of the civilization, language, literature, and art of ancient Greece and Rome, and to give them some understanding of the debt of our own culture to that of classical antiquity.

This year the Russell J. C. L., under the sponsorship of Mrs. Rita Whinery, carried out many projects which were interesting and profitable. The main money-making projects were the food sales held during semester exams.

The year began with a formal initiation of new members. During the Christmas season joint meeting was held with other foreign language classes. The highlights of the year were the State Convention, hosted by Hays, and the local Roman Banquet which was carried out in Roman style with members dressing in Roman attire.

Homemakers Seek Horizons

The Future Homemakers of America welcomed the new freshman girls with a coke party in August, introducing them to FHA. The freshmen found that FHA is of interest to all girls interested in home economics and its fields. The Russell chapter of FHA was in charge of the FHA District Conference held at Russell High in October. Miss Diana Dietz of Russell is the District President for this year. The club bought the tree skirts for the school trees as a Christmas project. The state meeting was held at Topeka in March with Russell well represented. FHA week was also observed. May brings the Parent-Daughter Banquet and June is the month for FHA camp. In addition, the Junior and State Degree candidates have assisted at the Russell City Library every Saturday for the Children's Hour reading group.

Student Council—A Working Group

The Student Council is composed of four officers, elected in the spring by the students, and twenty-four members, elected from the homerooms. The sponsors are George Baxter and Stanley Talbott. Some of the projects which the Council has undertaken are Homecoming, a Parent's or Dad's Night for football, basketball, and wrestling, the installation of a pop machine, and money-raising projects for an AFS student. The Council's goals are to represent the students as well as possible and to improve the school's functions.

The Russell High School band department is made up of the 180 piece marching band, the Varsity Band, the Freshmen Band, and the 80 piece concert band. Smaller performing units within the band consist of two pep bands and a dance band. The band participates in many school and community projects, in addition to giving several concerts during the year. Students also participate on an ensemble and solo basis each spring in the district and state music festivals. Certain administrative functions of the bands are carried on by the students themselves--Captain, Lieutenant, Secretary, Quartermaster, Librarian, and Student Director. There is a challenge system which gives each band member the opportunity to improve himself and to adjust to a competitive situation as well as participating in enjoyable musical experiences.

Pep Club girls again had a busy season providing support for athletic events. They formed a "V" for players at each home football game, prepared a painted Bronco hoop for the basketball games, purchased pom-poms for all members, and painted Bronco signs for the gym. This year the Pep Club voted to sponsor the cheerleaders and their activities.

The Frenzy of Homecoming

Homecoming week was filled with activity as football players nominated Queen candidates, and students nominated attendants to the Queen.

Thursday evening before the football game with the Hays Cadets, students had a snake dance through main street culminating in a bon fire at the athletic field where a dummy representing the opponents was burned.

On Friday classes and organizations participated in a parade featuring floats and other entries. This was followed by a pep assembly on main street. A successful climax was achieved by defeating the Cadets 13-12. Tenna Rae Murphy was crowned Queen during the halftime intermission.

New Era football as brought to Russell by Coach Bones Nay, a man to whom winning was the commonplace, was not truly represented in the 2-7 season record set by the Broncos.

Coach Nay set up the objectives of giving more boys a chance to play, attaining top physical form, and building support for the squad in the players, the school, and the community. Throughout the season the coaching staff completed these projects: Press Day; Soap Scrimmage; weekly football news letters; player-parent meeting; Football Yearbook; and Football Dinner.

These activities brought the following results: Fans turned out in two record breaking crowds and followed the team well to out-of-town games; No player had to be carried from the field in any game; Five games were lost by fewer than 8 points; A record number (26) received letters; More boys played (32 in one game).

The Broncos were hampered by lack of speed and size, but they never let down in hustle and desire. Seniors worked hard and helped build a solid foundation for the future. In the win column the season showed a deficit, but for building, the contribution was a definite plus.

Wrestlers Show

The RHS wrestling squad began the season by taking second in the Russell Invitational Tournament which was won by Norton. Manhattan and the Hays Cadets were the other schools that were represented.

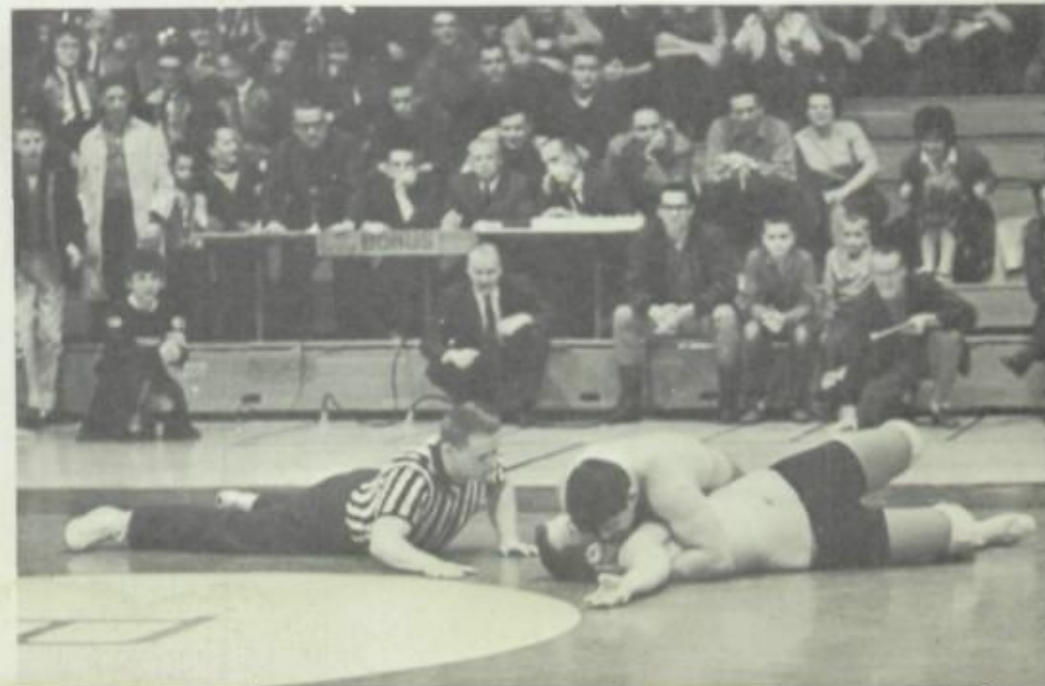

During the season Russell won four of the eight dual matches in which they competed. In the District Tournament eight boys qualified for the Regional, giving Russell fourth place in team standings. Dennis Bangert was the only one of these to advance to the State Tournament where he placed fourth in his division.

For Regular Season

Finishing regular season play with a 15-3 overall record, the Bronco basketball squad gained undisputed possession of the West Central Kansas League crown. The fact that two of these defeats were in league competition indicates the style of play in the WCKL.

In midseason the Broncos won the Mid-State Tournament which was held at Buhler, defeating Hillsboro and Buhler to take the title. After dropping a game to Lyons by a one point margin, they then had a string of nine victories to close out the season. Two of these wins avenged previous losses to Great Bend and Larned.

Russell began the season with Cann, Simmons, and Mohl as the only returning lettermen. These three and Mike Anderson are seniors. Future success in basketball at RHS is dependent on the remainder of the squad and boys who will move up from the B Squad.

B Squad Even At 8-8

The Russell B Squad gained an even split for the season with eight wins and eight losses. The squad was composed primarily of sophomores with some juniors who also gained experience in varsity play. The season record was without doubt affected when 6'5" sophomore Eugene Valentine was moved up to the varsity squad on a permanent basis. Throughout the season this group was known for hustle and determination.

Freshmen Win 13, Lose 2

Coach Bill Nelson steered the Russell freshmen through the season with ten wins against two defeats and then added three more wins to take first place in the WCKL Tournament at Great Bend. Some engagements involved both A and B games, thus providing experience for more boys.
